

Imaginosity

Beacon South Quarter, Sandyford, Dublin18

CLIENT:
Landmark
Developments

ARCHITECTS:
Traynor O'Toole
Architects / O'Keeffe
Architects

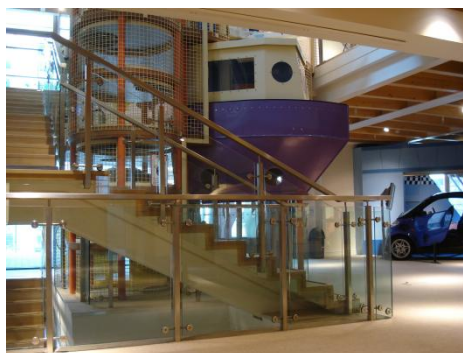

PROJECT VALUE:
€8m

PROJECT STATUS:
Completed Sept 2007

Imaginosity is an interactive children's museum located at the heart of the Beacon South Quarter Development at Sandyford, Dublin 18. There is a sustainable / green approach to the Imaginosity building design, from the building fabric/façade and materials, through to the M&E services for the building.

The design incorporates as many sustainable & renewable technologies as possible to increase the educational aspect of the building. Key sustainable features incorporated include the following;

- High Insulation (Low U-Values)
- Mixed Mode Ventilation (Low Energy)
- Micro-CHP (Combined Heat & Power)
- Heat Pumps
- Wind Turbines
- Solar Water Heating
- Roof Mounted 'Windcatcher' Units with Photovoltaic Panels

Apex Business Centre,
Blackthorn Road,
