

Microbiology & Analytical Lab Refurbishment Works

Leo Pharma, Dublin

CLIENT:
Leo Pharma

PROJECT MANAGERS:
Ethos Engineering

PROJECT VALUE:
€1m

PROJECT STATUS:
On Site

Leo Pharma's Dublin operation is located in a number of buildings on their Cashel Road site. The project consists of the complete refurbishment and relocation of the Microbiology & Analytical QA Labs.

Design, equipment selection, tender, contract negotiation and site supervision of all aspects of the project was undertaken by Ethos Engineering including specifying lab finishes, lab furniture, electrical & data systems to lab equipment, HVAC systems, specialist services to lab equipment and an innovative chemical disposal system.

The project proposed several challenges relating to maintenance of supplies and working in the confines of a clean pharmaceutical environment.

Apex Business Centre,
Blackthorn Road,
Sandyford,
Dublin 18,
